About This Game

Grid Games: Color Coded is a progressive puzzle solving game where you have to match the tiles with the colors from the illustration shown in the level. The colors are arranged in an order of sequence making it a fun and strategic challenge to navigate your mouse across each of the tiles.

This game offers **130 levels** and a *Quick Puzzle* feature that will offer **thousands more**.

Grid Games: Color Coded is the first game in the Grid Games series.

Miners FAQ
Superman
Hi! I was thinking about mining somewhat. Any advice?
Flash
Think. That'll be a good start.
Superman
Seriously though.
Flash
Seriousness is my second name. Drop it before it's too late.
Green Lantern
Ignore him, that's just the way he is. What's your budget?
